RIDERS:

- The Inflation Rider applies to only the base daily benefit amount.

UNDERWRITING:

Generally, acceptance will be based on the answers given on the application. However, the following underwriting requirements will or may apply:

- A Prescription Drug History Check and Medical Data will be required for all proposed insureds.
- A Personal History Interview (PHI) will be requested on all proposed insureds 75 and older.
- A Personal History Interview (PHI) may be requested based on underwriting discretion.
- A Medical Record Report (APS) may be required in order to clarify a proposed insured for coverage, however the proposed insured will need to provide those records to us without expense to the Company.

The proposed insured must meet the build chart requirements to apply for coverage. (See height and weight chart.)

Tobacco use means cigarettes, cigar, pipe, snuff, and chewing tobacco, nicotine delivery systems such as electric cigarettes, or Nicolette gum or patch used in the 12 months prior to the application date. We will consider non tobacco rates if the applicant has stopped using tobacco products for at least 2 years after the policy was issued. A Cotinine test will need to be completed (at insured's own expense) and the results sent in to GTL for consideration.

If the proposed insured is taking any of the medication(s) prescribed by a medical professional that are taken for a medical condition listed on the application, they do not qualify for coverage. (See also the Medication List on page 4 & 5.)

If approved for the Nursing Home / Assisted Living Facility benefit and they applied for the Home Health Care / Caregiver Benefit Riders, this rider will be subject to underwriting approval.

Even though both spouses can be written on one application, each spouse will be issued their own Policy if approved for coverage and the annual fee must be calculated for each spouse.

To qualify for the 10% spousal discount, a policy must be issued on both proposed insureds. The proposed insureds must be legally married, be in a civil union or domestic partner relationship that is recognized by their resident state. If common law, the state must recognize common law marriage. The 10% discount applies to both proposed insured's policies.

If the proposed insured has any prior GTL/UNL coverage, claim history will be reviewed in determining insurability. If the proposed insured has the maximum benefit amount for this plan, or similar coverage, the proposed insured does not qualify for additional coverage. (See Maximum Home Health Care Benefits chart.)
